The Hastings Branch Library is one of the most popular libraries in Pasadena. In July of 2005 a group of East Pasadena residents formed the Hastings Library Associates to support the operations of the branch. The Hastings Library Associates operates under the umbrella of the Friends of the Pasadena Public Library and is the third associates group to be formed by the Friends.

The Hastings Library Associates has three components to its mission. First, the Associates will provide input to the Library staff and will serve as a sounding board for staff ideas. Second, the Associates will help create community awareness of the programs and services offered by the Library and encourage greater participation and use of these programs and services. Third, the Associates will work with Library staff to determine additional programs, materials and improvements which are needed at the Library and will raise the funds to secure the needed items.
